Summary:

Software Development student, currently studying Postgraduate Diploma with focus on Java development. Prior experience in the financial services industry and historical research. Seeking graduate position upon completion of study in Summer 2016.

Education:

2015-present: University of Limerick. Higher Diploma in Software Development.

Technologies:

University study: Java, JavaScript, Android Studio, PHP, MySQL.

Extra-curricular interests: Linux(Ubuntu), Python 2.7.

Fields of study:

Object-oriented design & development, Relational Database modelling & specification, Mobile App Development, Software testing, Web Infrastructure.

Projects:

University: Multi-class object array 'Mp3 player', Javascript form validation, Android app(in progress), Website with PHP & MySQL(in progress).

Extra-curricular: 2d array game in Java, Python twitterbot with *Tweepy* library.

2013-2014: University of Limerick. M.A. History (First Class Honours).

Included 21,000-word dissertation on the subject of policing during the Anglo-Irish War and the Irish Civil War, researching local and national government records. First academic survey of policing in Limerick City during the period.

Work Experience:

January 2015 – July 2015: Wipro Business Process Outsourcing (PPI Review Assessor)

Employed on behalf of Llyod's Banking Group on contract specific to the review of Payment Protection Insurance(PPI) products. Tasked with the analysis of PPI missale complaints, researching the financial backgrounds and eligibility of customers, in line with the regulations of the UK Financial Conduct Authority.

May 2008 – January 2015: Bunratty Castle Hotel (Porter / Waiter / Barman)

Comprehensive workplace education, necessitating the dexterity to work across the hotel's various departments, completing any and every duty as needed, from the physically demanding tasks of heavy lifting to the technical intricacies of cocktail mixing.

November 2014: Web Summit (Media Assistant)

Chosen to compose summaries of selected talks, taking notes and editing these notes into short, concise overviews for use by members of the media.

Jan. – Jul. 2011: Clare Vocational Educational Committee (Adult Education Tutor)

University work placement, working with the Clare Adult Basic Education Service. Main teaching duties were English-language tutoring and 1-1 workshops teaching computer skills to senior citizens. Designed lesson plans for English language classes, and personalised lessons for 1-1 engagements.
